

Health Declaration Form Guide for iPhone

Sometimes the application is not user friendly for iPhone users, here is a helpful guide.

It's a good idea to preregister a few days before your flight to avoid delays when the website just doesn't want to cooperate with you.

1. Use safari web browser and turn off pop up blocker.
2. Type in the address, do not copy and paste, safari has the habit of capitalizing the first letter in the web-link, so double check that its lowercase.

3. Turn on the English setting (upper right hand corner)
Enter your email address and then click "Get the Verification Code"
4. Once the verification code is emailed to you, enter it into the website.
Check the "personal information and privacy policy" block and then press "The next step button."
5. Now for the tricky part the password. The message is vague, your password should be a collection of capital and lower-case letters and figures. They mean numbers and letters.

Password Rules they do not mention

Do not use the names of any Chinese Cities or provinces in your password, it will not be accepted

ex: Beijing, China123
